MUSE - Museum of science in Trento

Involved in a futuristic urban context, designed by the architect Renzo Piano, has quickly become one of the most visited museums of Italy. Includes exposition itineraries, temporary exhibitions, interactive labs for kids and adults and different events during all year.

MART - Museum of Contemporary art of Trento and Rovereto, attracting visitors with important temporary exhibitions and particular places of interest as the museum Casa Depero, in the historical centre of the city.

CUSTOMS AND TRADITIONS MUSEUM

Located in San Michele all'Adige in an ancient monastery, founded in years 1144-45. The museum develops in an exhibition along 43 rooms in 25 sections on 5 floors. Important for the quantity of exposed objects around 13000 pieces, including four original hydraulic machines: the mill, the forge, the noria and the Venetian sawmill.

CITY OF TRENTO

The plateau is located only 30 minutes by car from the capital city of Trentino, the elegant and characteristic city of Trento. Rich in history and tradition, famous for the high quality of life and the excellent food and wine proposal, it offers many important places as the **Cathedral square** and the castle of **Buonconsiglio**.

CITY OF ROVERETO

Called "**Città della Quercia**" (**The city of Oak tree**), with a marvellous historical centre for pedestrian visits. Not to be missed the medieval walls of Castelbarco, the mansion Casa del Podestà, the seven hundred palaces of Corso Bettini and the Campana dei Caduti, the iconic bell dedicated to soldiers and symbol of peace.

Castel Thun: portraits of Prince Bishops, jewels, porcelains, glasses, carriages, everything representing the atmosphere of the comfortable life of rural nobility. Built in the middle of 13th century, the castle dominates Val di Non from the top of a hill.

Castel Valer: surrounded by apple trees, in a panoramic position. The castle is perfectly preserved after 9 centuries of life. All the rooms, inhabited by a unique family since 1368, still maintain their history with armchairs, artworks, everyday objects, weapons, documents, carpets and tapestries.

CITY OF BOLZANO

The Archaeological museum Iceman and the Museum of contemporary art are just few of the reasons to visit Bolzano: in winter time, the magic of Christmas markets populate the streets of the city while in other periods it's the ideal places for nice walks tied to culture.

CASTLES and mansions of rich gentlemen or military fortresses located in rocky peaks or surrounded by vineyards... there are so many castles in Trentino, each one with mysteries and a past time to tell:

Castel Belfort: the ruined castle nearby Spormaggiore, dates back to 1311. In the ruins is still visible the ancient tower, surrounded by the large perimeter walls of rectangular shape.

Castello del Buonconsiglio: a dive into history, a must to visit for those arriving in Trento. It's the most important castle of Trentino, house of the Prince Bishops and icon of the city. Nowadays the castle it's also a museum, hosting every year important exhibitions.

Castel Stenico: belonging to Prince Bishops of Trento since 12th century, it was used by the captain in order to control the area nearby. The connection to Prince Bishops is also confirmed by the frescos of the cycle of the months of Torre Aquila in Trento, where in the painting with ladies and knights in the snow it's clearly portrayed Castel Stenico.

Castel Beseno, impressive fortress occupying the entire summit of a hill, in a dominant position over Valle dell' Adige. The castle is reachable from Besenello, in the middle between Trento and Rovereto and is now used as location for cultural events and historical re-enactments. Constructed in 16th century, it includes courtyards, halls with old traces of frescoes, buildings used in the past as kitchens, bread ovens, cellars and a complex system of walkways along the walls.
